homecoming

Beautiful queens, competitive floats, and a major football upset contributed to the success of Homecoming '73. It was also a year of change, the Homecoming queen being chosen from a field of three Seniors, with a Junior and Sophomore attendant.

There were many tense moments this year, a few of which included the crowning of Jackie Barkau as the 1973 Homecoming Queen, Another exciting moment was the announcement that the mighty Class of '74 retained the float championship for the second year with "Give 'Em Hail." This, the Pirates surely did, defeating Fowlerville 39-20. That victory snapped Fowlerville's 32 game winning streak.

The days events were capped with the Homecoming dance featuring "Rumor."

Directed by Mrs. Evans, the father and mother were played by Ed Conklin and Jo Ann Charboneau. Their children included Rick Robertson, Randy Walz, and the bride, Judy Furman. Kay's fiance was Larry Backlund and the Banks' faithful maid was Cathy Siterlet. Other cast members included: Kris Pedersen, Ann Talkington, Sue Conklin, Marie Stull, Terri Degraff, Mary Singer, Mark Morlock, Kerry Hitchings, Doug Trelfa, Karen Romine, Debbie Fuller, Teresa Schreiner, and Beth Siterlet.

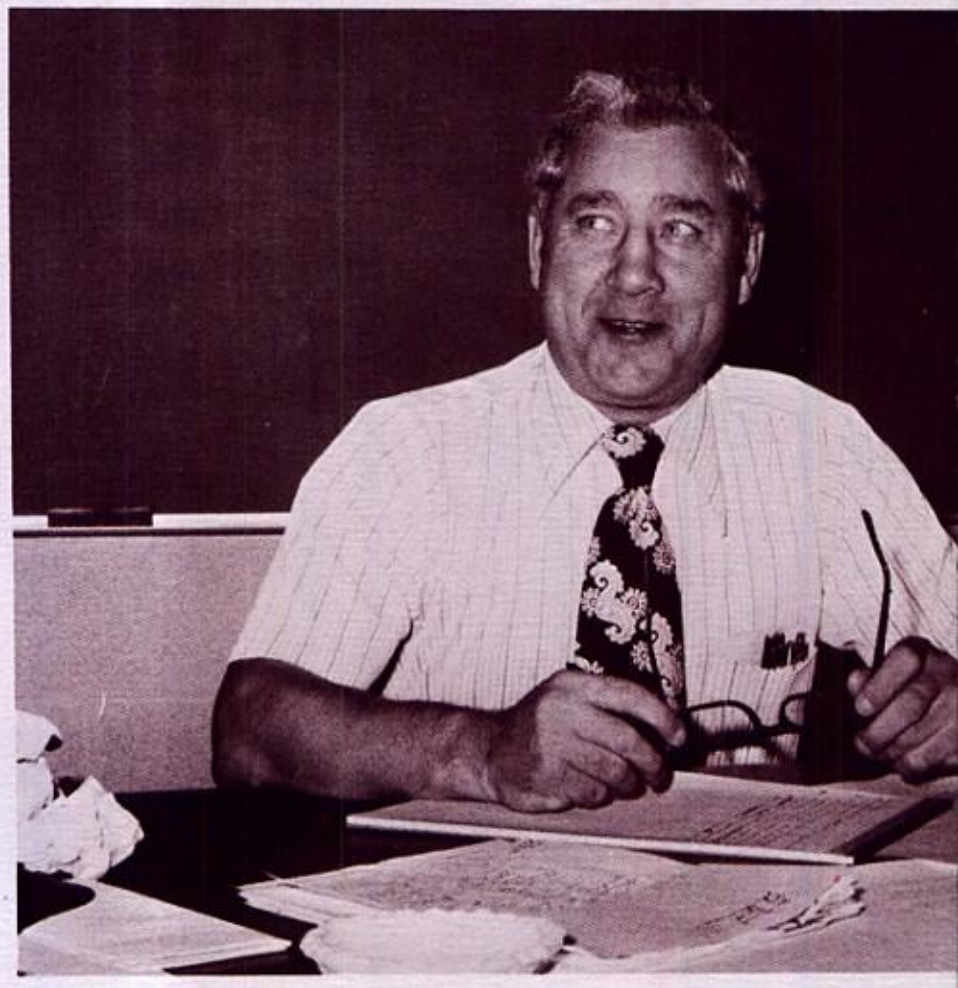
administration

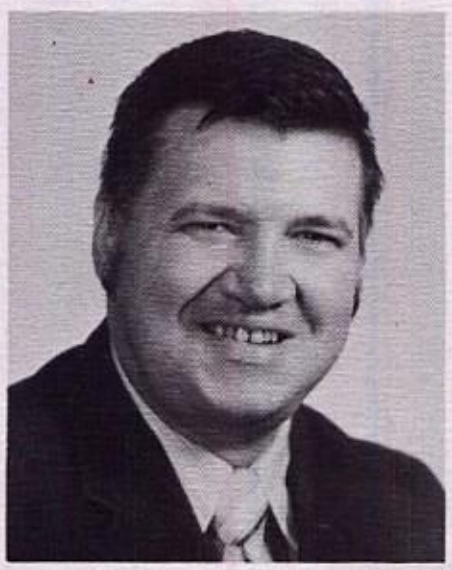
The administration at Pinckney High had a new addition to its staff this year — Mr. William Thompson became the Vice Principal. His job delt basically with student-teacher problems and he pursued these ends with immense energy. The creation of a Vice Principal gave Mr. Kennedy more time to concentrate on one of the weakest parts of our system, the curriculum.

Plans for the new addition to the school system kept Mr. Corp and Mr. Mc Closkey more than busy.



mr. thompson — vice-principal

mr. mc closkey — business administrator

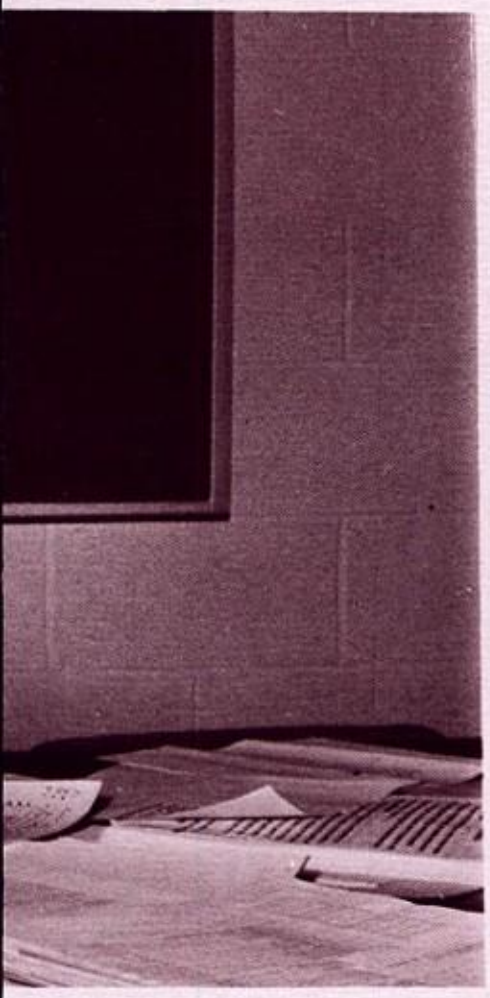


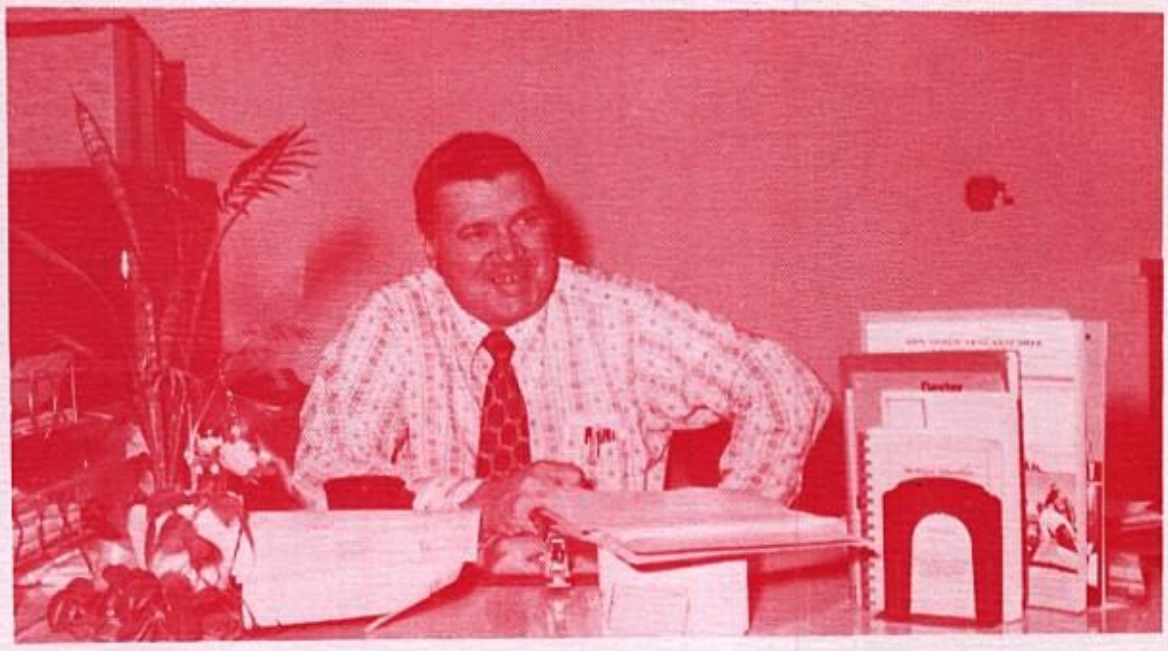
mr. chamberlain — junior-senior counselor

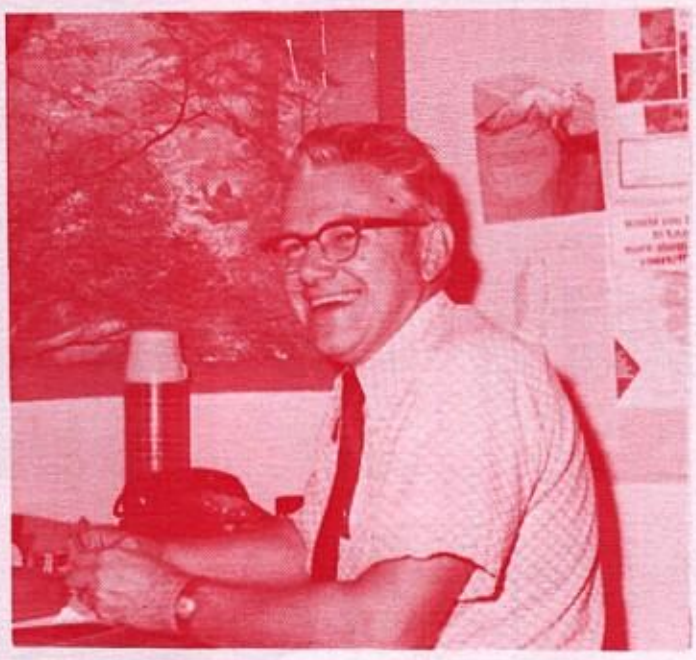
mrs. swarthout — sophomore counselor

counselors

The life of a high school student is not always easy. There are many problems facing us, and the counselors are always prepared to help us face our problems, and in time, solve them. One's future is very important and a big part of the counselling job is to help the student prepare for the future. The invaluable services of a counselor are never really realized without such strong guidance, many students turn to something else for help. Luckily, Mrs. Swarthout and Mr. Chamberlain work to keep that at a minimum.







TOP LEFT: **Mr. Thompson** stays on the move to keep up with what's happening in the school. CENTER: In his first full year as superintendent **Mr. Corp** has been busy with plans for constuction. history

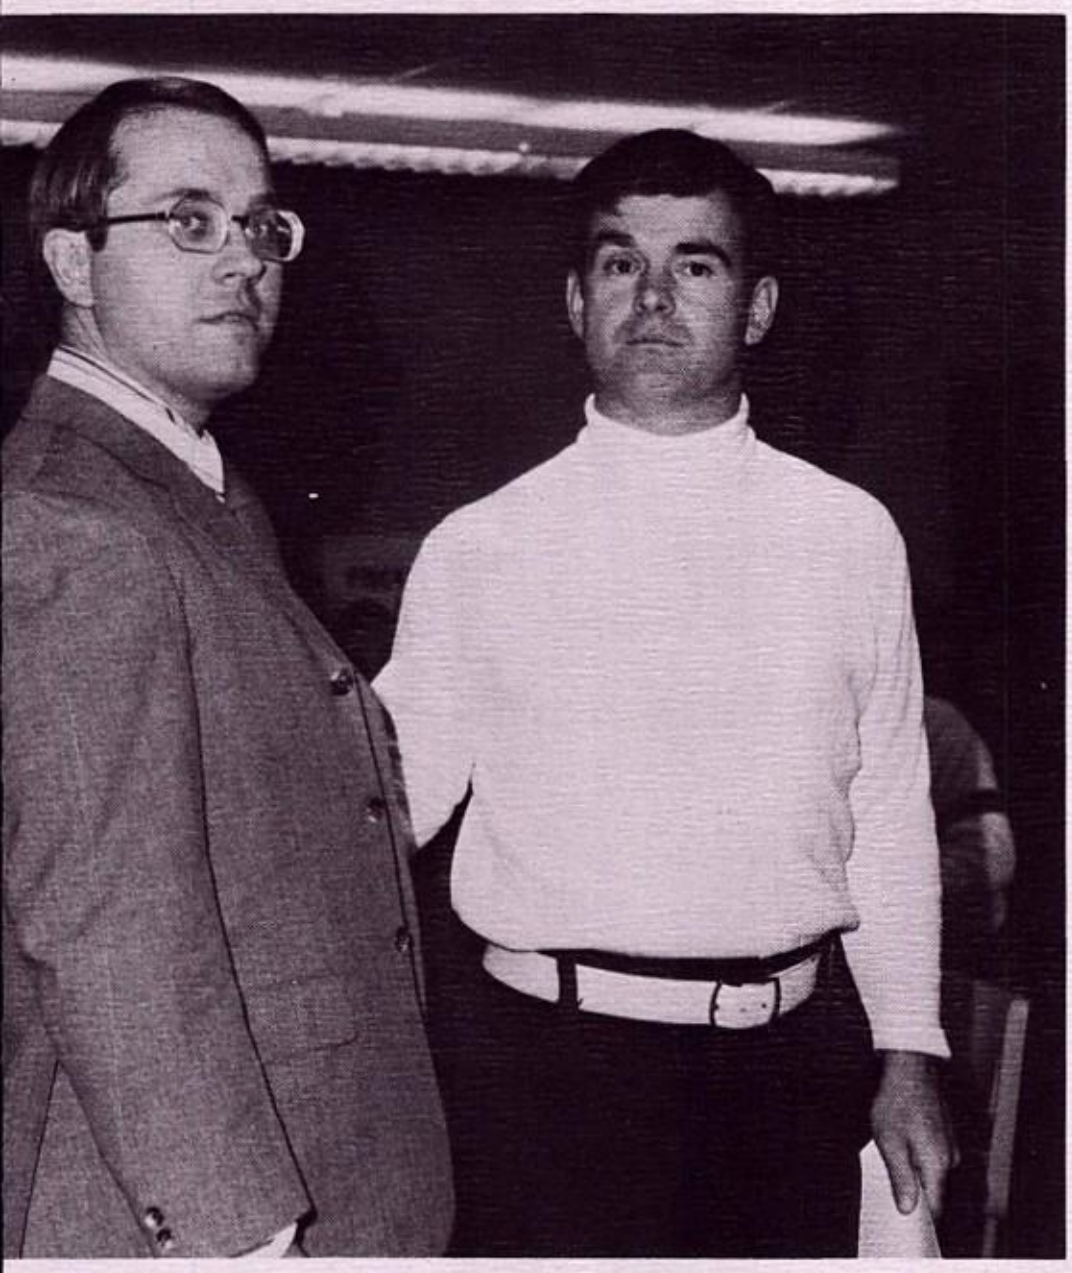
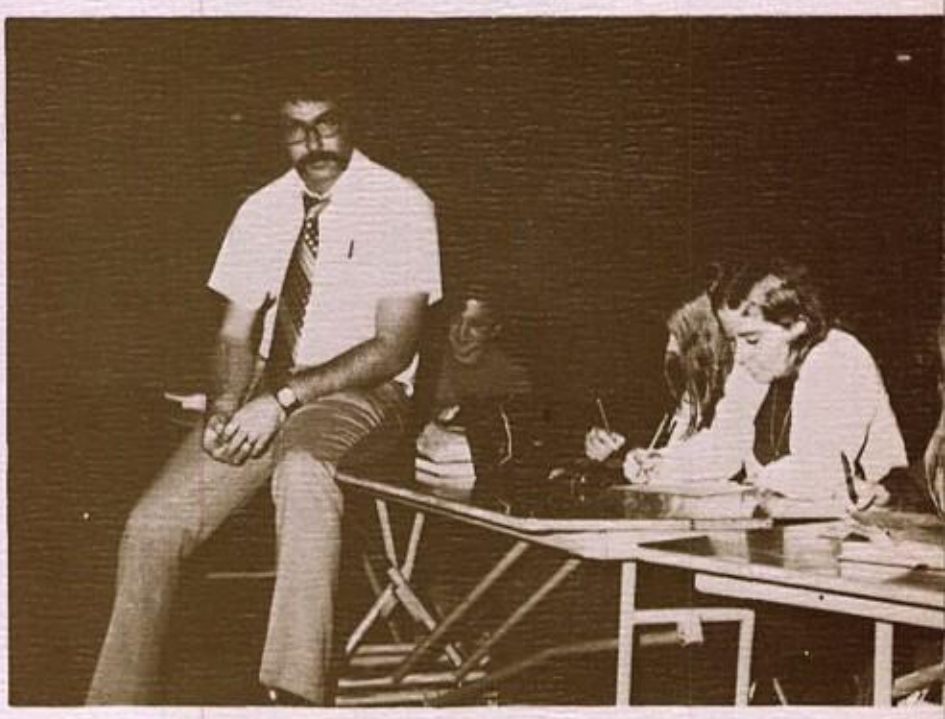
This Year's History Department has gone through many changes. One was a new set of books entitled **Problems in American History.** A second change was instead of having one class for the whole year, the students were allowed to pick two periods which interested them most. Each period was a semester course.

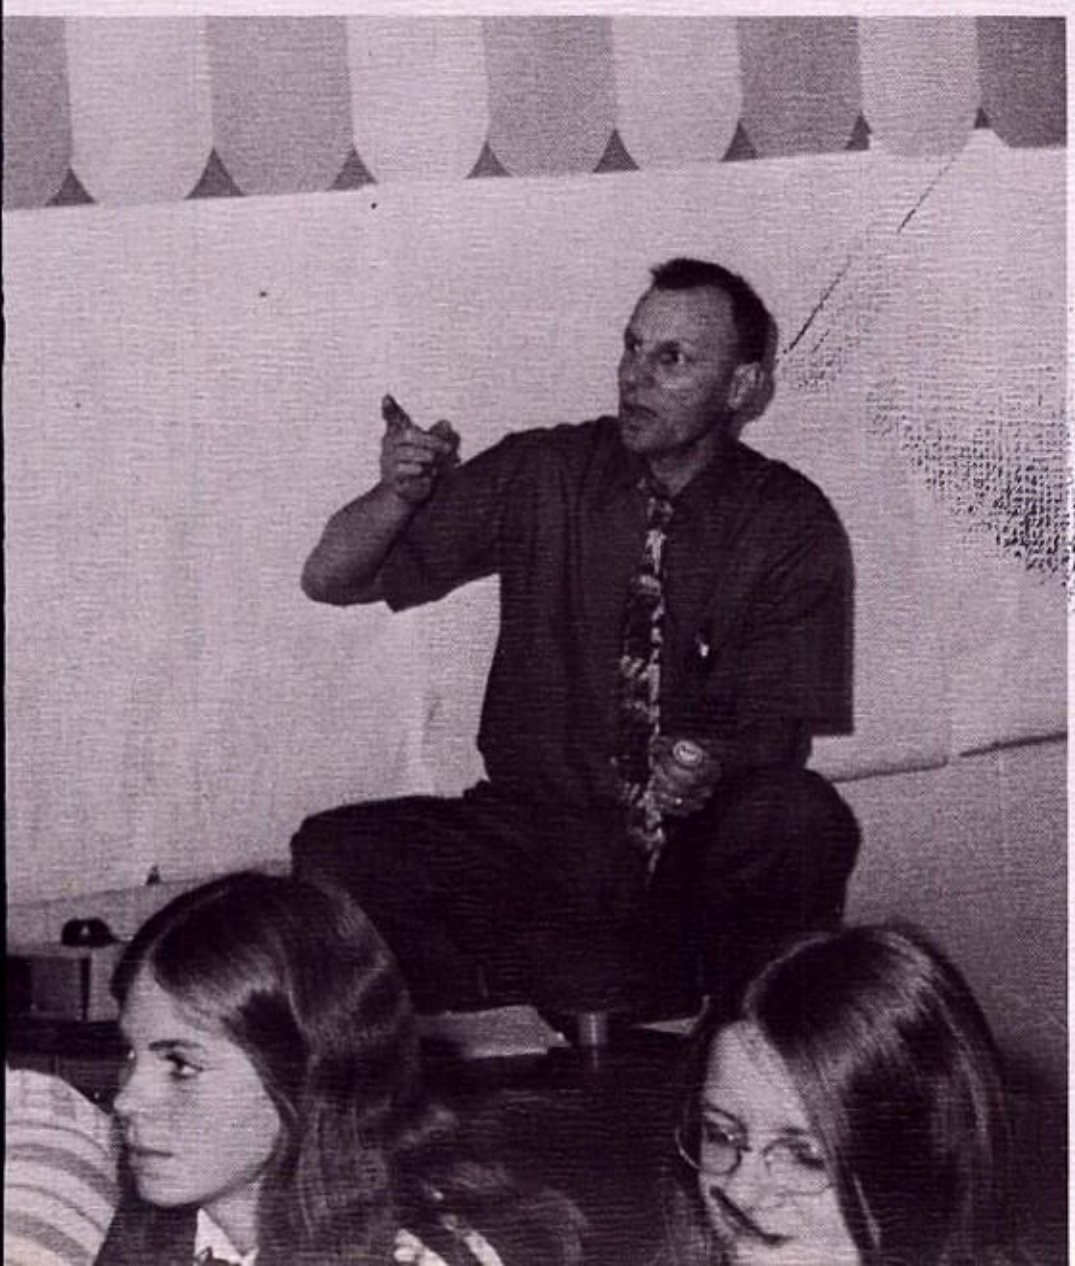
The final change this year was the fact that Juniors were allowed to take Government. This year all of these changes worked for the betterment of the department.

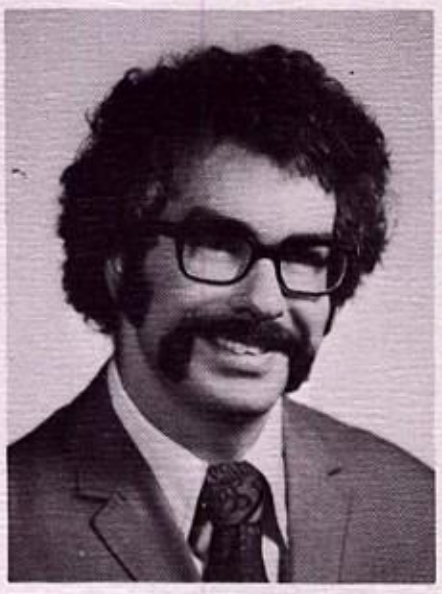


special ed.

Mr. Fisher is this years new Special Education teacher. He came from Sullivan School of Special Education in Ann Arbor where he was an aid. This is his first year of actual teaching. Mr. Fisher enjoys his work very much despite the fact he has no real classroom to teach in.







mr. fisher — special education

business

Our Business Department offers several courses pertaining to the many aspects of the business world. The basic skills of Typing and Shorthand are taught and further application is available in the successful Office Block program.

Mr. Crumback, Mrs. Hand, and Mr. Nurnberger are gratified with the presence of Pinckney graduates in the ever-growing corporate world.

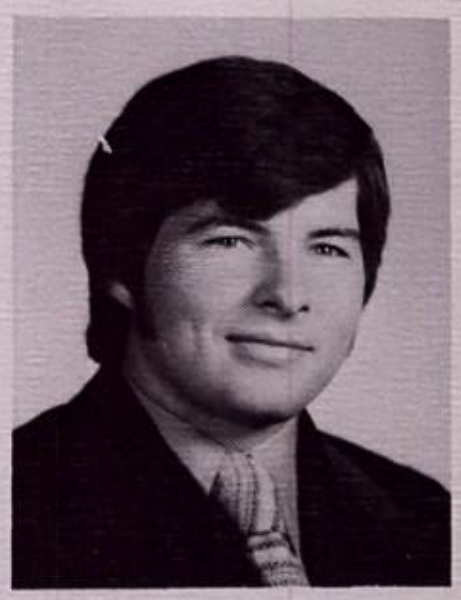
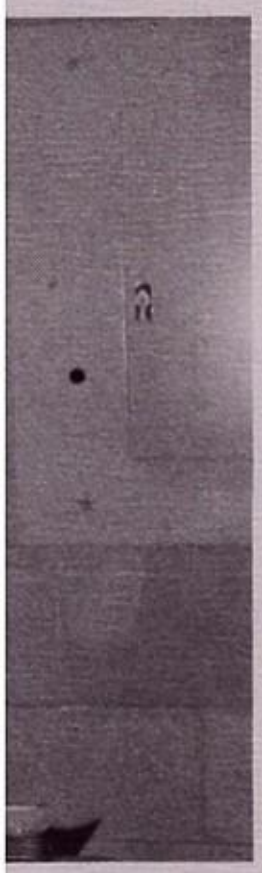
mrs. schabacker — calculus, geometry.

mr. vaughn — earth science, algebra 1, government.





math

Mathematics is one of the strongest areas of the Pinckney curriculum.

Mrs. Mantyck heads the department, which includes Mr. Vaughn and Mrs. Schabacker. For the first time ever, students participated in state-wide math competition. Also, the Calculus class was made up of nine students, and many juniors are planning to take the class next year.

In a world of computers and pocket calculators, our math department is out to prove that the human mind still rules in the mathematical world.

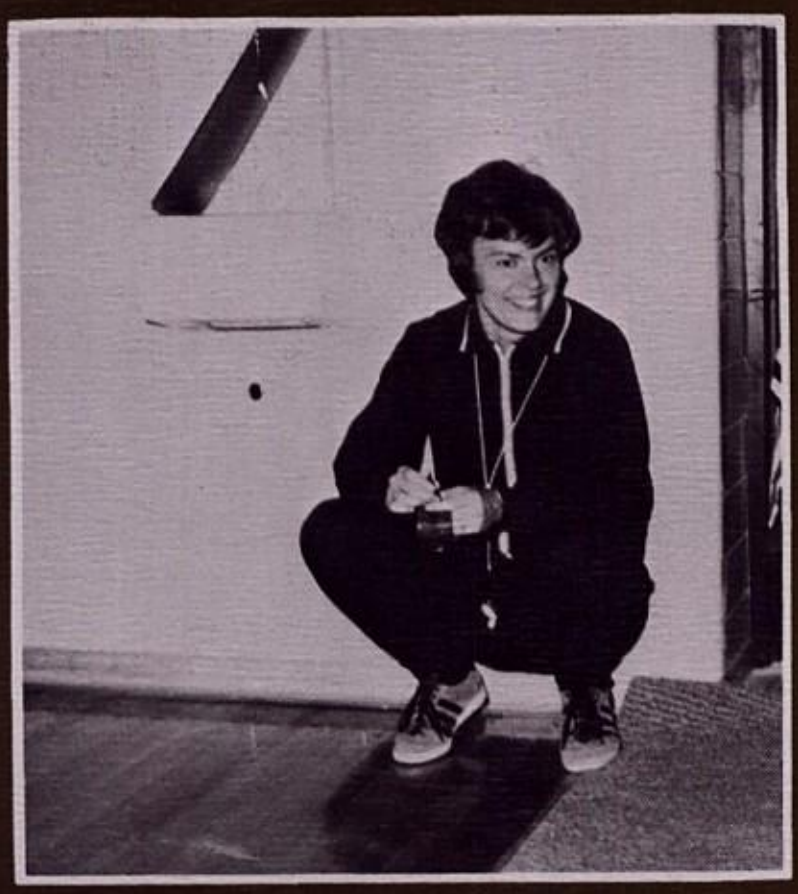
gym

The Physical Education Department strives to create the best possible atmosphere for their students, bringing them an awareness of the importance of a healthy mind and body. This year's P.E. program was supplied with new equipment which replaced the equipment from last year. Included in the new supplies were soft ball bases, high jump, standards, gym mats, and all new equipment for field hockey, and flag football.



mrs. andresen — conservation, biology IV, gym, physiology.

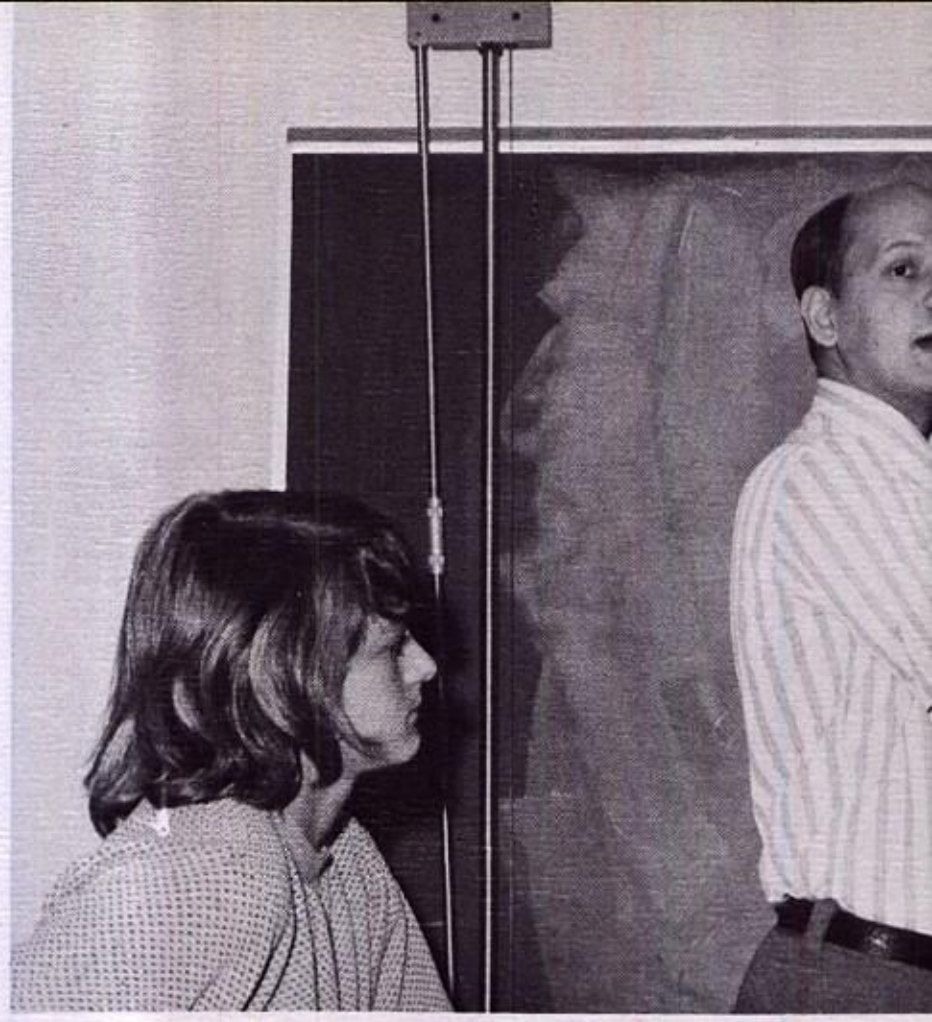
mr. lincoln — gym.

home ec.

Preparation is the key word for the Home Economics Department and Mrs. Dickerson.

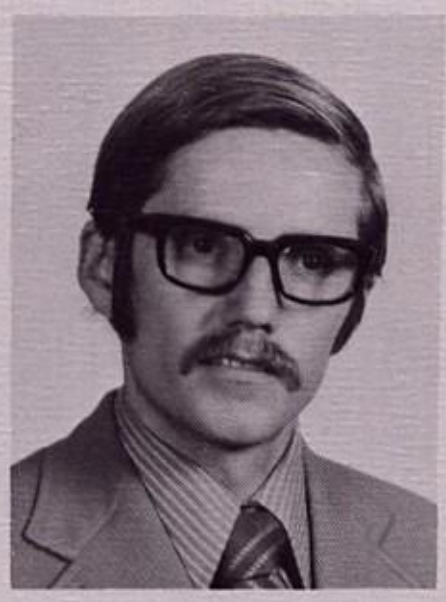
This years Home Economics covered a wide range of subjects including the emotions of Family Life and making natural foods.

Besides the regular magazines, Mrs. Dickerson subscribed to a new, and interesting one called, "Mother Earth News".



mrs. dickerson — clothing I, II, home furnishings, family living, child development.

mr. ash — drafting I, II art III, biology I, II.



mr. blackford — woods I, II, electronics I, II.

industrial arts

In our Industrial Arts Department quality is an important aspect of a well finished project. In this quality goes the craftmenship, and skill of the students, combined with the guidance and suggestions of the department teachers.

Many different fields are offered which will start some students in their future vocation. Some of the classes offered are electronics, woodshop, and metal shops. Each year a numerous amount of projects are entered into a number of state and local exhibits. Pinckney acquires many ribbons from these events showing the quality and skill of this department.

Plaster casts, loop rugs, and chalk drawings are only a few projects undertaken by the art students. The advanced artists did some work in portraits. Art offers many enjoyable and learning projects for the imaginative beginner, and a chance for the experienced artists to develop their talents.

No one else can keep a class of this size better under control than Mr. Napier. He led them through their football halftime activities, their yearly concerts, and arranged for them to appear at U. of M. Stadium for the annual Band Day.

staff

Pinckney High School operates as a complete working unit. Three important branches of this unit are the Secretaries, Bus Drivers, and the Janitorial Staff. The Secretaries are involved in communication and aiding in the organization of school affairs. Our bus drivers provide the means for a safe and enjoyable ride to and from school. The janitors clean and maintain the school building. They arrive very early in the morning and don't leave until late at night. They also lend a friendly hand to students and teachers in need.

national honor society

Under the direction of Mrs. Hand, National Honor Society was one of the most admired organizations in the school. Those students who maintained a B+ average could even be considered as a candidate.

National Honor Society promoted academic scholarship, leadership, and character development.

student government

Under the watchful eye of Mr. Crumback, Student Government was formed of the students, by the students, and for the students.

They planned the homecoming festivities, sold refreshments at lunch, arranged assemblies, and purchased a popcorn machine which was rented out to various clubs in order to help them raise money.

business club

The Business Club this year has been avidily working on pirate dolls.

With Mr. Crumback as their leader, the Business Club marched onward to their carefully selected goal: to design and sell a product.

They possessed one of the most important factors that is necessary for a successful money-making organization — teamwork!

Governed by Mr. Carpenter, the Chess Club did remarkably well this year. They conducted a ladder tournament for the entire year, and also sponsored the third annual P.H.S. Chess Championship Tournament in the spring.

Meetings were held every week and the attendance grew steadily throughout the year. A few students were sent to the USCF-rated tournaments.

Freshman football concession stands were operated by the Varsity Club and they also sold popcorn.

Its members included hard-working, young men and one woman.

All efforts centered around promoting athletics in the school.

g.a.a.

The aim of G.A.A. was to involve girls in interscholastic and intramural sports. Only an interest in sports was required along with the dues of .75¢ a semester.

Monthly meetings were held to set up activities. Members were enthusiastic during the games as well as at the meetings.

One of the most helpful groups at the high school in 1974 was the Big Sisters. band

Band activities furthered the students musical background by providing varied experiences.

In addition to the practice afforded in class, band members also had the opportunity to do some marching at the football games and some performing for regular concert audiences.

Under the direction of Mr. Napier, the band contributed pride and spirit to our school.

The purpose of Co-op was to give qualified Seniors an opportunity to work part time while going to school.

With Mr. Crumback as their sponsor, Co-op helped to make responsible adults out of the students who participated in the program.

Some 36 Seniors took part in this year's Co-op and their individual efforts reflected maturity on our school.

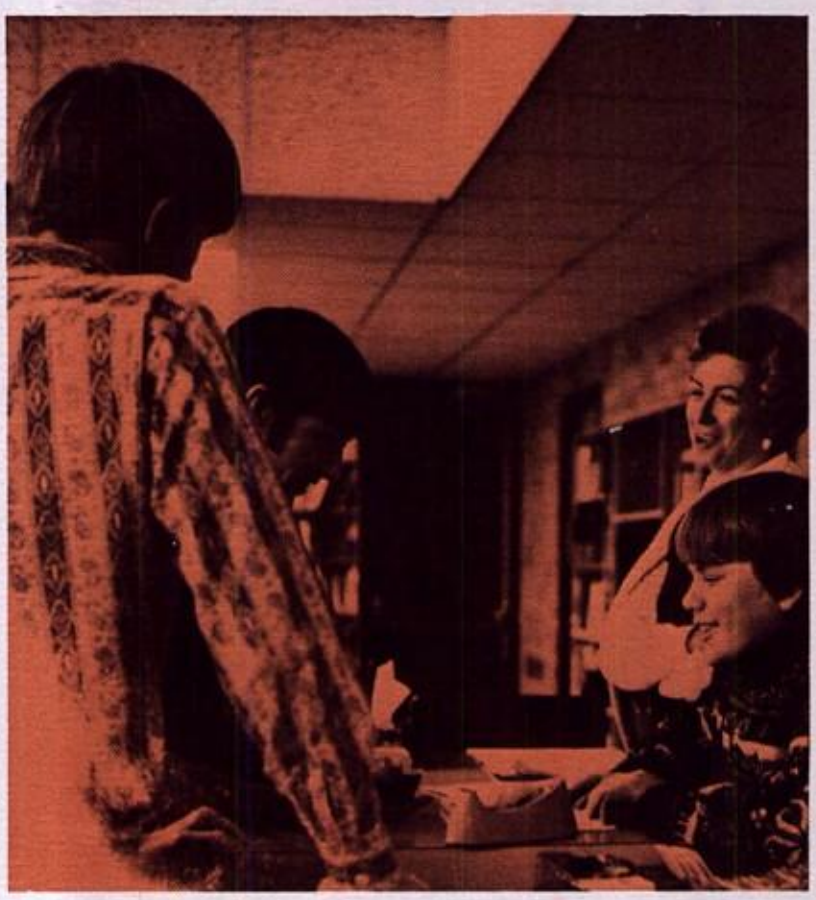
library aids

This year students were library aids under Miss Wilcox.

Signing out books and organizing shelves were two of the major jobs. The library was made a better place thanks to their efforts.



office aids

Helping students and teachers was the task of the office aids. Under the guidance of Mrs. Janowski, they typed, filed, answered the phone, took messages, and generally worked to make school operations more harmonious.

yearbook

Saturday morning luchers, wracked nerves, and newly mothered advisers all contributed to the ultimate hasle of hassles, the 1974 Pirate Log. journalism

The Pirates Word staff got off to a great start with several new members and a new adviser, Mrs. Tessmer. The paper also had several new features, one of which was "Remember When" column.

The school newspaper is a vital and necessary forum for student and faculty opinion. This year's staff worked toward fulfilling that noble purpose.

The Pirates swept the league, placing four players in the top six and grabbed third in the regional.

The Pirates also raced to first in the Hudson Invitational and finished a fine second in their own meet behind a high ranked Class "B" team.

Plagued with two losses early in the season, the Pirates displayed superb "effort" and rebounded to win five straight. They ended with a fine 7-2 record, thus duplicating last years performance.

Even though the Pirates finished second in the league they proved that they were the best by routing the league leading Fowlerville Gladiators by a score of 39 to 20.

varsity basketball

The Pirate Varsity got off to a slow start, but came on strong at the end to grab a second in the Ingham County league just behind a powerful Leslie team. The team produced a 15 and 5 record which is the best the Pirates have had under Coach Lincoln since his arrival. The 74 tournment prospects are very bright with Mr. Lincoln confident of a District win and rising in the Regionals. Next years outlook is also bright with over half the team returning.

j.v. basketball

What this years Junior Varsity lacked in height and size they made up for in speed and ability. Although the team did not capture the league title, they did turn out a winning season and winning attitudes.

The team was composed of mainly juniors and two promising freshman. Coach Nurnburger feels the team members have the drive and talent to turn out more winning seasons in the future. Mr. Nurnberger has high hopes for next years season, possibly the league championship.

TOP ROW: Coach Robert Vaughn, Dave Charboneau, Dave Hollister, Dan Cooke, John Pine, Coach John Hand. **MIDDLE ROW:** Matt Prahl, Tom McPhail, Glen Kinsey, Joe Malik, Bob Mosher. **BOTTOM ROW:** Chuck Monteith, Dennis Smeckert, Dave Perkins, John Barkau, Dale Wilson.

wrestling

Wrestling is a very demanding sport. In fact, the average athlete wouldn't put up with the aggravation, heartbreak and demands on living that this sport requires. The Pirate wrestling team overcame all the hardships and ended the season with a fine record. The wrestling team was so successful that they were 11-3 in dual meets and placed either 1st or 2nd in every tournament in which they competed, including a second place finish in the league.

Coach Hand and Coach Vaughn were well pleased with the final outcome of the wrestling season and expressed deep thanks to all graduating seniors.

track

Track is a matter of inches and the Pirate track team really proved that saying true. Last year's team had a fine season placing a strong third in the league. They repeated being the Livingston County Champions, beating the second place team by a huge margin.

Qualifying for the State Meet for the first time in Pinckney history was Jim Young, who set a new school record with a vault of 12'6". He was also voted the MVP at the spring sports banquet. Coach Wilson and Vaughn think this year's team should be a real powerhouse since many lettermen are returning.

baseball

On the other hand, the J.V. Baseball team enjoyed a fine season, tying for 1st in the league while completing an excellent 13-3 record. South defense played a strong part in many of their games.

Coach Ron Nurnburger and Coach Stanley Szotek predict a better or as good a season this year as last year.

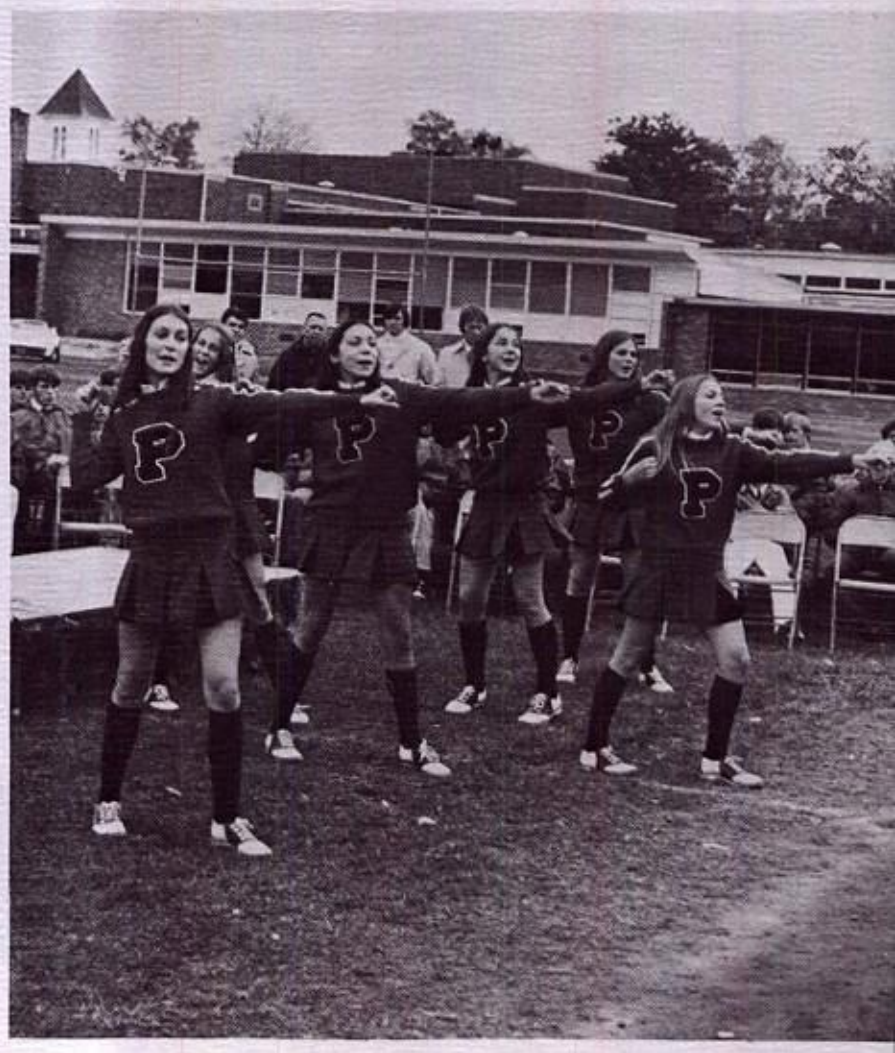
cheerleaders

One important aspect of a winning team and season is enthusiasm. This years enthusiasm was created by our Varsity and J.V. Cheerleaders. The cheerleaders job did not stop after a game. They planned and lead the pep assemblies, skits, class cheering competition, and over-all spirit.

They also were responsible for the football and basketball programs sold at the games. Led by Varsity sponsor, Mrs. Andresen, and J.V. sponsor, Miss Wilcox, the cheerleaders played an important part in athletics as well as school activities.



TOP CENTER: **Cindy Jones** and **Jackie Barkau** head a varsity cheer. TOP RIGHT: The J.V. and Varsity cheerleaders combine to produce a special mount. BOTTOM LEFT: The J.V. cheerleaders lead a Homecoming day cheer.
